Community Care

Your voice matters in building a safer, more responsive community where every concern is heard and addressed with care.

Submit Report

# What Can You Report?

### Infrastructure Issues

Report potholes, broken streetlights, and damaged public property

### Safety Concerns

Report harassment, suspicious activities, or unsafe conditions

### Medical & Elder Support

Request assistance for medical emergencies and elder care needs

### Community Welfare

Report stray animals, missing persons, and community support needs

# Simple, Fast, Effective

**1** **Report the Issue**

Describe the problem using text, upload images, and provide location details. Choose to report anonymously if needed.
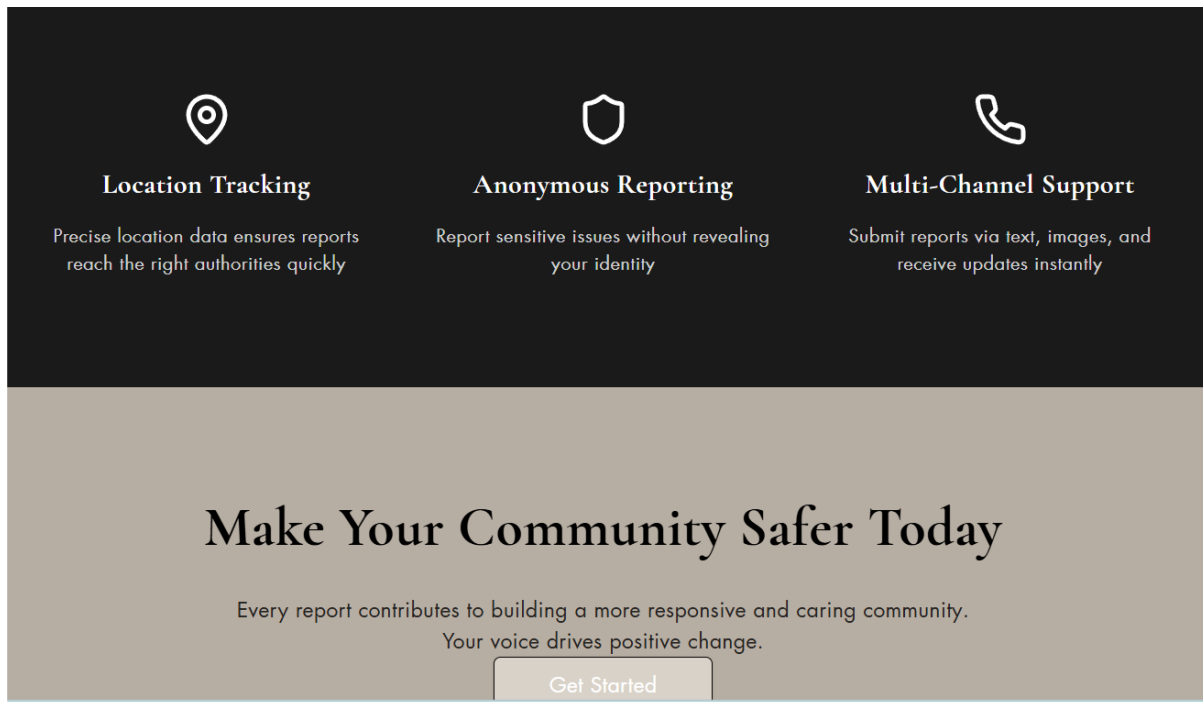

**2** **Automatic Routing**

Your report is automatically directed to the appropriate department or organization for swift action.

**3** **Track Progress**

Monitor the status of your report and receive updates as authorities work to resolve the issue.

## PROJECT DESCRIPTION :

The HomePage now correctly displays "City Report" as the project title in both the header and footer sections. All branding is now consistent across the entire application! The header logo, footer logo, and footer copyright have all been updated from "SafeCity" to "City Report."

THANK YOU IBM
